

C7040 CRUSHER

HERBST C7040 CRUSHER

Compact. Tracked. Built for tough site work.

- 700 x 400mm jaw crusher
- Direct feed hopper - Hardox lined
- Diesel powered hydraulic system
- 40 – 125 mm adjustable crush size
- Output: 30 – 60 TPH
- Folding discharge conveyer
- Overband magnet
- Tracked undercarriage c/w doglead remote
- Unladen weight: 10,500 kg

C7040 Applications:

Recycling, Construction,
Demolition, Landscaping,
Site Clearance

Materials Processed:

Concrete, Rubble, Hardcore,
Skip Waste, Mixed
Aggregates

C7040 Overview

The C7040 is a compact tracked jaw crusher built for efficient on-site material processing across recycling, demolition and construction applications.

Material feeds directly into a Hardox-lined crushing chamber via a direct feed hopper, delivering consistent performance in abrasive environments. Crushed material is discharged onto a folding conveyor, with integrated magnetic separation for clean material output.

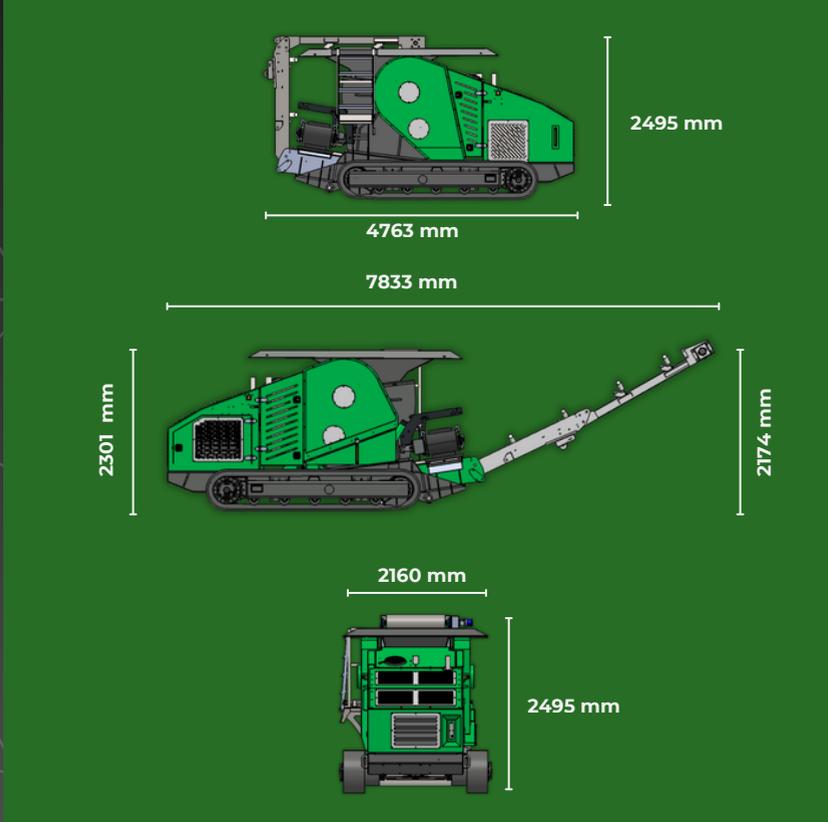

Mounted on a tracked undercarriage with remote control, the C7040 offers stable operation, low ground pressure and accurate positioning across varied site conditions. Its compact footprint allows for straightforward transport and containerisation.

-  **Versatility.** Compact design suited to restricted access sites & varied material types.
-  **Innovation.** Compact folding layout engineered for efficient transport and rapid setup.
-  **Performance.** Reliable on-site crushing with consistent output and clean separation.

C7040 Technical Specifications

Drawings & Key Dimensions

Transport & Working Dimensions

Transport Length / Width / Height (mm)	4,750 / 2,200 / 2,495 (15' 0" / 7' 3" / 8' 2")
Working Length / Width / Height (mm)	7,650 / 2,200 / 2,300 (25' 1" / 7' 3" / 7' 6")
Jaw Size (mm)	700 x 400 (28" x 16")
Crush Size (mm)	40 - 125 (1½" - 5")
Output Capacity	30 - 60 TPH
Loading Height / Stockpile Height (mm)	2,300 (7' 6") / 2,250 (7' 4")
Power Source	Yanmar 3.3L Stage 5 Diesel Diesel powered hydraulic system
Undercarriage	Tracked with rubber tracks Dog lead remote control
Unladen Weight	10,500 kg

Materials Processed:

- Concrete
- Rubble & brick
- Hardcore
- Mixed Aggregates
- Skip Waste
- Demolition Waste

C7040 Applications:

- Recycling
- Demolition
- Construction
- Groundworks
- Site Clearance
- Landscaping
- Urban & Restricted Access sites
